

Key messages

- According to the National Institute of Statistics, food prices in rural areas have remained stable and below the five-year average in nominal prices. Food prices are likely to decline following June/July harvests, while income earning opportunities through agricultural labor and construction remain normal. As a result, poor households' access to food is expected to further improve until at least October. (FEWSNET)
- According to UNHCR, Rwanda hosts 148,746 refugees as of June 30, 2019. World Vision continues to respond to the needs of refugees living in refugee camps through supporting education access to refugee children by implementing school feeding programmes, paying incentives to teachers and payment of school fees across five camps. World Vision also rehabilitates water, sanitation and hygiene facilities in the refugee camps making sure children and their families have access to clean and safe potable water.

Response highlights

WATER, SANITATION & HYGIENE

- Clean water was supplied to 31,164 Refugee and Host community members in Mugombwa and Kigeme refugee camps.
- Hygiene promotion was conducted in Kigeme and Mugombwa Refugee camps. A total of 9,604 people were reached with hygiene promotion campaign.

EDUCATION

- The education sector mainly reached 29,003 refugee children in ECD, Primary and Secondary school support. The support included teacher's incentives, school feeding fees and school fees for students in boarding schools for children in Mugombwa, Kigeme, Kiziba, Gicumbi and Nyabiheke Refugee Camps.
- 32 students with special needs were supported to attend specialized schools.
