

## Our target

## Objectives:

- Support Government of Nepal's efforts to scale up preventive measures to limit the spread of COVID-19.
- Strengthen health systems and workers.
- Support children, women and the most vulnerable families impacted by COVID-19 through education, child protection, food and livelihood interventions.
- Collaborate and advocate to ensure the most vulnerable children and groups are protected.

### 0-30 Days

- Integrated preventive messaging through a network of 300+ community radios and social media (with over 32,000 followers).
- PPE/Hygiene kits distribution to hospitals/health workers.

**NPR**  
**18,000,000**  
**(USD 150K)**

### 30-60 Days

- WASH & Hygiene kits for health facilities & vulnerable children/families.
- Food vouchers or financial assistance to most vulnerable families.
- Distance learning for children anticipating longer school holidays.
- Child Protection psychosocial virtual materials.
- Integrated messaging on health & child protection.

**NPR**  
**72,000,000**  
**(USD 600K)**

**Loss of income may lead to child abuse and violence at home. Protect children from abuse and violence, and report any instances you crossover at: 1098 toll free (for child protection related cases); 104 (for missing children); 100 police helpline (for issues related to children); and 1145 (for any GBV related issues).**
