Budget Expenditure

WVI- C Awareness Raising on COVID-19

Current Response by World Vision International-Cambodia

- Guided all project and programme teams on what to continue, adjust, and suspend in each Technical Programme, F&D, and Sponsorship operations. Working with the Government, UN and NGO partners to monitor the situation and modify response coordination.
- Revised the response activities of WVI- C Response and Recovery plan to align within the updated Global COVER result framework. The objectives, outputs, indicators and activities align with the Global COVER Framework.
- World Vision COVID-19 Rapid Assessment report produced and circulated to the Civil Society Organizations (CSO), Community, Government and Multilateral agencies and donors.
- Guideline of Education and Child Protection Technical Programme Integration for COVID-19 Response was developed and shared with field staff.
- WV teams continue to produce social media messaging on positive parenting and home-based learning.
- WVI- C applies the Government COVID-19 prevention and protection standards.
- All staff were provided with masks, sanitizers and liquid soap. Flexible work applied and staff are encouraged to practice protection measures and social distancing.
