

# World Vision International Nepal

## COUNTRY FACTSHEET - FY 2023

October 2022 - September 2023

### ABOUT US

World Vision (WV) is a child focused relief, development and advocacy organisation that has contributed to transformation in the lives of millions of children around the world in vulnerable situations. We are a child focused organisation driven by Christian values to serve children and families regardless of their religion, age, gender, ethnicity, class and caste.

World Vision International (WVI) Nepal is a part of the World Vision International global partnership operating in 100 countries. WVI started its long-term development programme in Nepal since 2001 and has been working with communities, partner NGOs, local and federal governments, and the private sector to deliver high impact child-focused programming.

#### TOTAL REACH IN 2022

People Reached

**785,301**

**People with Disabilities 6,292**

**Children 310,545**

**2990** parents practice positive discipline and maintain peaceful relationship in the family after positive parenting training.

**43** CP&A groups with shared plan.

**910** teachers practice positive discipline after being trained on.

### It Takes Nepal To End Child Marriage:

**It takes Nepal**  
to end child marriage

In 2017, WVI Nepal initiated the campaign 'It Takes Nepal to End Child Marriage' to support government priorities to eliminate child marriage, in presence of the then Honourable President Bidya Devi Bhandari. Together with its implementing partners and strategic partners, WVI Nepal has been collaborating with the government to formulate policies and guidelines against child marriage, conducting awareness-raising initiatives at the community level, and empowering children and young people to take action against child marriage. 2023 will be the final year of the campaign.

### Innovations:

**Nepal Innovation Lab (NLab)** has been developing and testing various solutions with different in-country & international organizations to improve humanitarian and development efficiency. In FY22, the NLab developed Ramailo Yatra (Fun Journey), a board game focused on helping children understand child protection issues at an early age. The board game has been copyright registered in Nepal with over 2000 copies of the game distributed to various schools in 22 districts of Nepal.
