

Myanmar Earthquake Response

Situation Update No.13
10 July - 23 July 2025

KEY MESSAGES

Over 100 days after the earthquake, thousands of children and their families continue to face tremendous challenges, with the monsoon season further intensifying the situation. The earthquake has pushed already vulnerable families over the brink, leaving children without safe shelter, clean water, or access to learning. The long-term psychological impacts of displacement, loss, and uncertainty require sustained mental health and psychosocial support (MHPSS) services.

The earthquake compounds an already dire humanitarian situation where nearly 20 million people already needed humanitarian assistance across the country due to prolonged conflict, recurring natural disasters and economic collapse.

World Vision is providing live-saving relief assistance to the children and their families affected by the earthquake: Through our humanitarian efforts, both immediate relief and long-term recovery, we aim to support 500,000 people, including 172,000 children. As of 8 July 2025, we have reached **360,457 people** affected by the earthquake, including **111,773 children** (61,143 girls, 50,630 boys).

OUR REACH

360,457 people

reached, including **111,773 children**, through our humanitarian efforts (as of 8 July)

191,954 people

including children, received essential food items such as rice, instant noodles & dry food

17,474 people

received Multipurpose Cash Assistance (MPCA)

6,412 people

supported through Mental Health & Psychosocial Support (MHPSS) services

7,222 people

including children reached through child protection and participation initiatives, which includes safeguarding awareness sessions

2,478 children

reached through learning facilities

100,796 people

reached through Water, Sanitation and Hygiene assistance

5,608 people

benefited from recovery loans amounting to **440,366 USD** by **VisionFund**

Shelter materials distribution

Family items distribution

CONTEXT OVERVIEW

Strongest earthquake recorded since Turkey and Syria in 2023

Nearly **3,800** dead, more than **5,100** injured (**UNOCHA**)

6.3 million people in need in the worst affected areas

Emergency shelter, cash assistance, safe and clean water, sanitation support, food and healthcare are immediate needs

For **early recovery** sustained support for livelihoods, education and essential infrastructure repair is vital

The **needs** of the affected people rapidly **exceeding available resources**

WORLD VISION'S RESPONSE

- States affected by the earthquake
- Hardest-hit townships
- World Vision's targeted areas

LINK TO WEBSITE

"Many people lost loved ones during the earthquake. I'm grateful to have survived and am doing my best to support those affected, even in small ways. With the monsoon season, I'm deeply concerned for people like me living in temporary shelters. The need for proper shelters is critical at this time."

- Yin Min, Word Vision Staff

TARGET FOCUS AREAS

OUR TARGET

* **500,000** people
including nearly * **172,000** children

* numbers are subject to change as the response plan evolves

OUR SIX-MONTH RESPONSE PLAN

We will scale up our humanitarian response to address urgent needs and support long-term recovery in affected communities.

The response plan consists of several key components to meet urgent needs and support recovery. **WASH (Water, Sanitation, and Hygiene)** interventions will focus on restoring access to clean water and improving sanitation to prevent disease outbreaks. **Food and cash assistance** will address food insecurity and support families with immediate needs through food distributions and financial aid. **Protection efforts**, including gender-based violence prevention and awareness raising, the provision of shelter kits and the establishment of child-friendly spaces, will help safeguard women and children living in unsafe conditions while supporting their physical and emotional recovery. **Shelter assistance** will provide safe, temporary housing for families who have been displaced, ensuring they have a secure place to stay as they rebuild their lives. **Livelihood recovery**, facilitated through VisionFund, will help families restore income-generating activities and reduce long-term reliance on humanitarian aid.

This plan will be implemented through strong collaboration and engagement with local civil society, community-based organisations (CBOs), faith-based groups, local NGOs and international partners. These partnerships will be essential to ensure effective outreach, timely delivery of services and greater impact within affected communities.

ACCOUNTABILITY TO THE AFFECTED COMMUNITIES

World Vision is committed to ensuring that affected families receive timely, transparent, and dignified support. We prioritise:

- Two-way communication with communities to understand their needs and concerns.
- Feedback and complaints mechanisms to ensure services are accountable.
- Clear information-sharing, so people know what support is available and how to access it.
- Protection of vulnerable groups, especially children, women and people with disabilities, throughout the response.
