

GET TO KNOW World Vision's Response in Ukraine

WHO WE ARE

ESSENTIAL NUMBERS FOR FY 2025

Unique People Reached by Country

OUR STRATEGIC OBJECTIVES

1. Early recovery and economic development opportunities are created for IDP and refugee households, as well as host communities for improved and self-reliant livelihood.
2. Children, their families and communities benefit from enhanced social protection mechanisms and education opportunities in Ukraine and host countries.
3. Basic needs of vulnerable children, families and communities affected by the war are met in Ukraine and host countries.
4. Equitable and complementary partnerships with national and local actors are encouraged and promoted to enable them take stronger leadership role in delivering the humanitarian response and managing the transition to rehabilitation and development.

In 2025, World Vision intentionally incorporated early recovery and economic development into its programming, expanding livelihood opportunities for affected families and creating new jobs.

Its microfinance arm, VisionFund, began operating in Ukraine. It started the medium- to long-term recovery and development via financing small and medium-sized businesses for further growth, opportunities to generate income and create new jobs.

World Vision prioritizes localizing its Ukraine response by empowering local actors and supporting transition to rehabilitation and long-term development.

OUR DONORS & SUPPORTERS (2022-2025)

This response is made possible through the generosity of donors including:

We are also deeply grateful to World Vision supporters from Australia, Austria, Canada, Finland, France, Germany, Hong Kong, Japan, Netherlands, New Zealand, Singapore, South Korea, Spain, Switzerland, Taiwan, U.K. and the U.S.

OUR PRIORITY SECTORS

CHILD PROTECTION

World Vision has implemented extensive child protection programming across Ukraine, reaching **110,712 children (including almost 15,000 in 2025)** with protective services (mental health and psychosocial support (MHPSS), positive parenting, and recreational activities in Child Friendly Spaces).

11 active Child Friendly Spaces are fully operational, providing a safe environment for **89,819 children** as of September 2025.

EDUCATION

World Vision's Education in Emergencies programme has achieved key milestones, including distributing educational materials, providing life skills and psychosocial support, training teachers, and offering catch-up programmes for children who have lost access to schooling.

World Vision's approach focuses on localised, integrated programs for education, child protection, and mental health.

242,156 children reached with educational services in Ukraine.

MENTAL HEALTH AND PSYCHOSOCIAL SUPPORT

World Vision prioritizes integrating child-centered, community-based Mental Health and Psychosocial Support (MHPSS) within its education, child protection and livelihood programs.

Key interventions include Child Friendly Spaces and Play and Learning Hubs, Psychological First Aid, and Problem Management Plus (PM+) for adults. Additionally, World Vision collaborates with local partners to deploy multidisciplinary mobile teams to reach isolated areas.

144,897 people participating in psychosocial support services.

CASH ASSISTANCE

World Vision's cash and voucher assistance (CVA) helps displaced and vulnerable families in Ukraine by providing flexible aid to purchase essentials and support during harsh winters, while also stimulating local economies.

\$53,035,922 value of cash distributed in 2025 across Ukraine. **226,933 people** benefitting from cash assistance.

WINTERIZATION

Since the war began, attacks on Ukraine's energy infrastructure have reduced its power generation capacity by over 60%. World Vision is addressing the urgent needs of Ukrainian families through three main approaches:

- **Cash Assistance:** Providing financial aid to help displaced and frontline communities with heating and essential winter expenses.
- **Alternative Energy Solutions:** Distributing power equipment, supporting displaced families, and close to frontline communities.
- **Winterization Kits:** Distributing kits with emergency supplies to help families survive harsh winter conditions.

LIVELIHOODS

World Vision's livelihoods programming in Ukraine is built around three key models:

- **Building Secure Livelihoods 2.0:** Provides a safety net for families to meet basic needs and recover.
- **Graduation Approach:** Helps vulnerable households move from dependency to sustainable livelihoods.
- **Microfinance:** Expands access to financial services and credit to support small and medium-sized businesses.

15,369 people underwent professional training in 2025. **331 people** received cash to start or develop a business.

For more than 70 years, World Vision has served children, families and communities in nearly 100 countries, motivated by our Christian faith and a vision of "every child life in all its fullness." We partner with the most vulnerable, regardless of religion, race, ethnicity or gender, to overcome poverty and injustice – in emergencies and in long-term development.

World Vision began operations in Ukraine in March 2022, establishing six offices in Kyiv, Dnipro, Chernivtsi, Lviv, Mykolaiv, and Kharkiv, while also supporting Ukrainian refugees and host communities in Moldova, Romania, and Georgia.

Since the onset of the crisis, World Vision's Ukraine response and its local partners have reached over 2.27 million people, including more than 1 million children, providing essential support through food, non-food items, cash assistance, protection and education interventions, livelihood, and mental health & psychosocial support programming.

World Vision continues to actively respond to Ukraine's ongoing needs, reaching 22 of the 24 regions and delivering both immediate emergency relief and sustainable long-term recovery.
