

COUNTRY FACTSHEET 2025

About Us

World Vision International Nepal (WVI Nepal) has been partnering with communities since 2001 to improve the well-being of the most vulnerable children. Working across 17 districts in all seven provinces, WVI Nepal implements integrated programmes in education, health and nutrition, livelihoods, and child protection.

Through strong partnerships with government institutions, civil society organizations, and communities, WVI Nepal strengthens local systems, builds resilience, and empowers families so that children can grow up safe, healthy, and educated.

2025 Impact in Numbers

FY25 Reach Data

448,342

Total Programme Participants

307,961

Total Children Reached

174,517

Girls

133,444

Boys

140,381

Total Adult Reached

107,569

Most Vulnerable Children (MVC)

53,547

Most Vulnerable Families

4,141

People with Disabilities (PwDs)

7,545

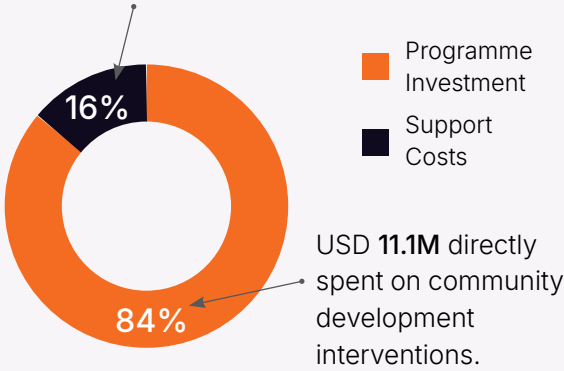

Out-of-school Children

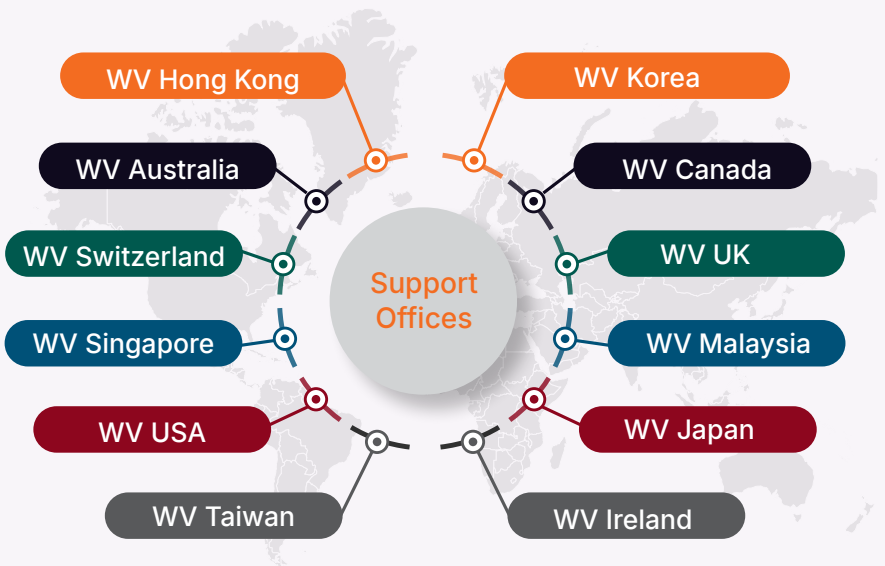

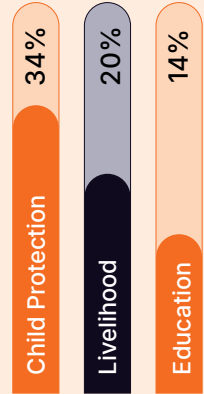

Budget & Support

- Financial Stewardship (USD 13.145 Million)

USD 2.1M for technical oversight and administrative excellence.

- Top 3 Spending Areas:

Key Donors

Department of Foreign Affairs and Trade (DFAT)

Start Fund (FCDO)

Community Chest Korea (CCK)- The Government of Korea

Ministry of Foreign Affairs of Japan (MoFA) Japan

Our Priority Sectors

Child Protection

18,924

children and adolescents empowered through capacity building and awareness sessions on life and protective skills

6,558

parents and caregivers provided with positive parenting skills.

1,563

children participated in local level planning processes through child congress.

41

local governments ensured regular functioning of local child rights committees (LCRC).

24,350

children actively participated in different child groups, clubs and networks.

9

local governments formulated and endorsed local policy to address child labour.

2,069

survivors or vulnerable children provided with Mental Health & Psychosocial Support (MHPSS).

4,838

local government stakeholders and child protection actors participated in policy and strategy discussions on child protection.

Inclusive and Quality Education

438

classrooms equipped with print-rich materials and Classroom Corner Libraries.

372

reading/ maths clubs established to improve literacy outcomes.

28

classrooms constructed or renovated to improve learning environments. Including 16 new Earthquake resilient classrooms

413

teachers equipped through capacity development support.

146

schools supported with School Improvement Plan (SIP) development.

32

WASH facilities and toilets constructed, repaired, or renovated in schools including 7 girls and disability-friendly school toilet constructions

Health and Nutrition

9,930

children identified as malnourished and enrolled in PD Health sessions where they achieved positive weight gain.

34,398

children reached through Growth Monitoring and Promotion (GMP) events.

21

child-friendly community water taps installed

32,591

school children received annual health screenings, and 3,639 students benefited from Iron Folic Acid tablets distribution, deworming, school meals, school gardening, and WASH initiatives.

7

community drinking water supply systems completed in Sindhuli and Udayapur, supporting **165** households to access safe water.

17

health facilities (including 12 birthing centers) provided with medical equipment.

Resilient Livelihoods

5,631

farming families equipped with skills in climate-smart farming.

101

Climate Field Schools established to help farmers learn and apply climate-smart agricultural practices.

1,256

households graduated out of extreme poverty through HH-targeted programs.

85

Savings for Nutrition (S4N) groups established with 1,088 members to support family savings and health.

18,130

school-going beneficiaries benefited from income/expenditure training.

1,890

families supported for establishing alternative livelihoods.

Our Cross Cutting & Priority Areas

DRM & Humanitarian Response

30,179

people reached through multi-sectoral flood and landslide response (Food, Shelter, WASH).

9,082

people reached through WASH interventions for drought response in Madhesh.

2382

Local Disaster Management Committee members equipped with skills and knowledge on DRM planning

115

school safety plans reviewed and updated.

52

communities equipped with flood markers in Achham and Kailali.

9,600

teachers and students strengthened disaster preparedness through earthquake and landslide simulation drills in schools.

781

Local/Ward Disaster Management Committee members capacitated on disaster preparedness.

8

temporary shelters, **6** toilets, **9** community water tanks, and **20** handpumps constructed in response to drought, floods, and landslides

290

community members oriented on bioengineering practices and natural resource management, including soil, water, and forest conservation to reduce disaster risks.

188

emergency simulations conducted in schools

Advocacy and Campaign

43

Policies and Guidelines endorsed at federal, provincial, and local levels through WV engagement.

Partnered with the National Child Rights Council (NCRC) to train **62** local stakeholders on Child Protection and Information Management System (CPIMS) and case management, strengthening municipal-level reporting and protection mechanisms.
