

World Vision 

Pray to End Famine

Many of the hunger crises of 2017 have continued to increase in severity, meaning that more people still face famine today than at any time in history.

Across **Somalia, South Sudan, Nigeria** and **Yemen**, starvation is a threat to more than **20 million people**.

Millions of people in **Ethiopia, Democratic Republic of Congo**, and **Syria**, as well as refugees in **Uganda** and **Bangladesh** are suffering from food shortages and require urgent humanitarian aid.

Conflict and insecurity are the root causes fueling these hunger crises.

Today, we join churches worldwide in the Global Day of Prayer to End Famine.

- Pray for the 20 million children, women and men who are facing famine.
- Pray for children suffering from hunger.
- Pray for an end to violence and conflict.
- Pray for the humanitarians and communities on the frontline.
- Pray for the world to take action.

- Pray for children suffering from hunger.
- Pray for an end to violence.
- Pray for the humanitarians and communities on the frontline.
- Pray for the world to take action.

"For I was hungry and you gave me something to eat, I was thirsty and you gave me something to drink, I was a stranger and you invited me in..."

—Jesus (Matthew 25:35, NIV)

World Vision is there.

World Vision has joined the Global Day of Prayer to End Famine, a broad coalition of more than 120 faith-based organisations representing more than 1 billion Christians worldwide, because we recognise the urgent need to make the global hunger crisis more widely known through our prayers and actions.

World Vision is a global leader when it comes to relief situations like this. We are on the ground in South Sudan, Somalia, Uganda, Democratic Republic of Congo, Ethiopia, Syria and Bangladesh working to bring life-saving food, water and health interventions to those most in need.
