

OUR PROGRESS

on Child Well-Being
in Asia Pacific

World Vision is a Christian relief, development and advocacy organisation dedicated to working with children, families and communities to overcome poverty and injustice. Inspired by our Christian values, we are dedicated to working with the world's most vulnerable people. We serve all people regardless of religion, race, ethnicity or gender.

2 | Our Progress on Child Well-Being in Asia Pacific

In 2016 and 2017, World Vision gathered data from **18 country offices** across **Asia Pacific** to determine whether we are making a significant impact to the most vulnerable children in the region.

Together with our partners, donors, supporters and community members, we are creating opportunities for children to experience **fullness of life**.

Our Christian faith teaches us that every child, regardless of gender, faith or race, is a precious gift to the entire world. We work so that every child can learn, play and enjoy the quality of life they deserve.

Where We Work

World Vision has been present in the Asia Pacific region for more than 70 years and has a deep understanding of the issues faced by the poorest and most vulnerable children, families and communities in the 18 countries where we implement our programmes.

Our Impact

Thanks to your support, together, we've improved the lives of **9.5 million children in Asia Pacific.**

13,000

In 2016 and 2017, through our **Nutrition** programmes, 13,000 acutely malnourished children were treated and rehabilitated.

25,000

In 2016 and 2017, through our **Health** programme, 25,000 pregnant women received micronutrient supplements.

257,000

In 2016 and 2017, through our **Education** programmes, 257,000 children accessed quality education – attaining functional levels of literacy, numeracy and essential life skills.

149,000

In 2016 and 2017, through our **Child Protection** programme, nearly 149,000 children and youth participated in actions that support our global *It takes a world to end violence against children* campaign.

111,000

In 2016 and 2017, through our **Livelihoods** programmes, over 111,000 people increased their knowledge of agriculture and natural resource management.

1,200,000

In 2016 and 2017, through our **Disaster Management** programming, we supported the immediate needs of over 1.2 million children in 84 emergency responses.

200 = Millions

In 2016 and 2017, through our **Advocacy** programmes, millions of vulnerable children were potentially affected by changes to, or improved implementation of, approximately 200 policies across the region.

1,200,000

In 2016 and 2017, through our **Sponsorship** programme, 1.2 million children were sponsored, affecting change within their families and communities.

49,000

In 2016 and 2017, through our **Faith and Development** programme, more than 49,000 children participated in Spiritual Nurture for Children activities.

8,700

In 2016 and 2017, nearly 8,700 dedicated **World Vision staff across the Asia Pacific region**, worked to build a better life for the children.

1,000

In 2016 and 2017, more than 1,000 **programmes and projects** were implemented in the main areas of Child protection, Nutrition, Health, Education, Water, Sanitation and Hygiene, and Livelihoods.

In this region, we partner with over **80** government and multilateral partner agencies, corporate donors, and non-government organisations and have implemented more than **150** grant projects to achieve our goal.

In Papua New Guinea, as a result of a four-year Global Fund tuberculosis project, World Vision's approach resulted in a **70%** increase in treatment success rate nationwide.

In Cambodia, the nation's leading telecommunications partnered with World Vision to bring a **Football 4 Development** programme to at-risk youth across the country and modernise World Vision's own telecommunications infrastructure.

Supported by the Singapore Economic Development Board, World Vision's **Asia P3 Hub** is the region's leading multi-sector partnership incubator – tackling the effects of poverty in Asia Pacific, by facilitating partnerships for collective action, shared value, and social impact.
